# THE REMAKES MARKET

ADAPTATION RIGHTS FROM AROUND THE WORLD

## THE REMAKES MARKET WILL BE DEDICATED TO SPANISH CONTENT

The second edition of THE REMAKES MARKET will be dedicated to Spanish-speaking film and television content and will take place from Monday November 14th to Wednesday November 16th at the Andaz Hotel in Los Angeles.

THE REMAKES MARKET is an annual adaptation rights market targeting creative and production executives looking to develop film and television projects based on content that has already been used in one form or another. It is the only international business event strictly focusing on the purchase and sale of adaptation rights.

Buyers include creative, development and production executives from film and television production companies, agents and programming executives representing broadcasters and cable networks. The vast majority of them come from North America.

300 participants are expected to take part including delegates representing +/- 50 international adaptation rights sellers offering approximately 200 remakes properties. They will include an eclectic mix of international movies, TV series, books, comic books, video and social games, plays and musicals, newspaper and magazine stories that could potentially be adapted for the big and small screen.

Please find attached a presentation kit that describes the whole event.
